

From idea to shelf

Our Food & Beverage Innovation Center is designed to inspire and accelerate exceptional innovations.

Turn your ideas into reality

Your one-stop shop for a fast and successful innovation process

We have food license through our co-manufacturer DenEast. This is a manufacturing permission to produce and sell food. That means food safety and quality are guaranteed, and you can scale from trials to production, right at the production centre. Full processing and packaging lines are available - we've got you covered.
